

**THINK.  
CREATE.  
PERFORM.**

[pmcc-consulting.com](http://pmcc-consulting.com)

**It's time  
to get  
a plan.**

Developments that spiral out of control. Tasks that make your inbox overflow. Schedules that seem impossible to stick to. Enough already! It's time to take back your stolen hours and energy. Let's fill them with efficient solutions. **Let's get going!**

# PMCC Consulting triggers action.

If you have the right things in mind, you can also take the right action. Get started. Be effective.

**As the world of business becomes increasingly interconnected and complex**, we see the management of strategies, projects, and processes as a means to maintain competitive strength and to grow market share. This often comes with a hefty price tag, but we counter that with a different approach: clear, practical solutions that are simple to implement together with principles that support the efficient design of a project- and process-oriented organisation.

**Our goal:** To optimally coordinate all project, process, and strategy management activities – and eliminate superfluous tasks. With our wide range of technical competence and our many years of international professional experience, we design viable high-quality solutions together with you and we work to ensure that they are sustainably anchored in your organisation.

**Our inspiration:** To shape the future together with you and to transform your vision into a success story based on **passion and personal responsibility**.

STRATEGY

TURN  
VISION INTO  
SUCCESS.

Successful companies and organisations have a clear strategy and pursue their objectives consistently. Our well-versed experts will guide and accompany you in your strategy processes – from the development of a congruent strategy to its consistent implementation.

PROJECTS

DO THE  
RIGHT THINGS  
RIGHT.

A powerful impetus for innovation and change requires flexible structures, interdisciplinary cooperation, and quick decisions. Our project management professionals support you in selecting projects in line with your strategy and implementing them efficiently to boost your company's added value.

PROCESSES

**COMPETITIVE ADVANTAGES SHOULD NOT BE LEFT TO CHANCE.**

Strategically aligning business processes with customer expectations and systematically integrating changes are the crucial factors businesses need to leverage in order to become more flexible, more powerful, and more strongly oriented to the customer and the results. Our team of experts understands the potential for success in your processes and will work with you to lay the groundwork for high-quality performance.

# It's time to get some clarity.

## TRAINING TAILORED, ROLE-SPECIFIC, PRACTICE-ORIENTED

We want to equip your employees with exactly the skills they need in their role. To achieve this, we work with you to develop tailor-made, target group-specific training concepts that harness the potential of your company and the employees involved. Proven didactic methodological concepts and new forms of learning ensure direct and lasting transfer into practice.

## COACHING MANAGEMENT ON DEMAND MAINTAIN YOUR AGILITY IMPLEMENT OUR EXPERTISE

Coaching introduces new points of view, helps you master individual or project-specific challenges, and stimulates value-adding growth and development. Our approach is based on partnership and respect and will mobilise your resources and activate your abilities. Our coaches strengthen and develop your skills – with experience, commitment, and invaluable know-how.

## CONSULTING TECHNICAL EXPERTISE AND GUARANTEED IMPLEMENTATION

We view consulting as the goal-oriented development of high-quality solutions that will put your company at the top of its game. We focus on acutely pinpointing customer needs, shortening problem-solving times, achieving viable results tailored to your business, and anchoring these results sustainably. And we assume responsibility for the implementation.

## ACADEMY THE FORMULA FOR YOUR PROFESSIONAL TRAINING

The proven training program of PMCC Academy is a high-quality mix of training options that will equip and enable you to apply your social and methodological skills at the right time and in the right situation. For you personally, for rising stars in your organisation, or when the critical group size for in-house training is not reached.

# PMCC consultants

Because they accompany, advise, and teach our customers every day and motivate them to be all they can be. Every one of them has extensive technical and didactic expertise and many years of international training and consulting experience. And they bring their know-how from many different industries directly into your company and go well beyond theoretical input and case studies to assist you in all aspects of strategy – including the concrete implementation of projects and processes.
