2026 Gartner® Magic Quadrant™ for Adaptive Project Management and Reporting

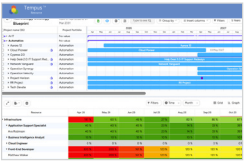

Modern Strategic Portfolio Management

Plan, prioritize, and visualize initiatives across dynamic hierarchies so you can see how every investment supports your goals, timelines, and capacity.

Resource Capacity Planning

Aggregate roles, skills, and people to see true capacity across the enterprise. Replace Excel-based planning.

Scenario Modeling

Model “what-if” scenarios to balance portfolios against available capacity and budget.

Portfolio Prioritization

Align priorities with capacity so the right work gets done. Use MoSCoW, RICE and Multi-Criteria methods across portfolios.

Measure Strategic Alignment

Measure alignment of portfolios, programs and projects to goals and strategic objectives. View alignment across all levels to keep work outcome-focused.

Enterprise Level Reporting & Analytics

Dashboards and reports for every level of the enterprise. Easily see what is at risk with current resources, budgets and work.

Other Features Include:

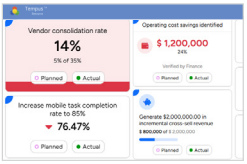

- **Built-In Collaboration and Traceability**
- **Fully Integrated Timesheets**
- **Skill Gap Analysis**
- **Demand Intake Workflows**
- **Document Storage**
- **Hybrid Planning and Forecasting Agile Teams**

Funding & Goal Analysis

Align portfolio with strategic objectives and budget to set measurable performance targets. Track goal attainment through project performance and portfolio alignment.

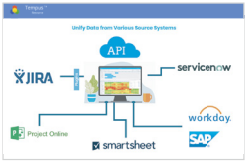

Mapping Portfolio Flow

Visually trace each strategy through portfolios, programs, and projects. Identify misalignment, gaps, or overconcentration so you can rebalance before it impacts outcomes.

Streamline Intake and Approval Processes

Convert proposals, requests, demands and opportunities into structured projects or initiatives. Standardize workflows and approvals to ensure work is consistently executed with clear accountability.

Enterprise Grade Integration Flexibility

Seamlessly connect with ERP, PPM, HR, DevOps and other enterprise systems using APIs, connectors and integration frameworks.
