Herr Knechten, stellen Sie sich bitte kurz vor.

Schon seit Studienzeiten an der RWTH in Aachen bewegt und beschäftigt mich das Thema Projektmanagement ununterbrochen bis heute.

Seit dieser Zeit unterstütze ich meine Kund*innen in herausfordernden Projekten als Moderator, Trainer und Coach. Zumeist arbeite ich aber auch als vollverantwortlicher Projektmanager an komplexen Vorhaben, wie etwa Strategieentwicklungen, Krisensituationen, Organisationsprojekte, Digitalisierungen oder Engineering-Projekten mit.

Advertorial

An advertorial is an advertisement in the form of an editorial article. It offers companies the opportunity to present their products, services, company profile or other information to a broad public. Advertorials are particularly suitable for presenting products or services that require explanation. The customer is responsible for the text and layout. The specifications of the project magazine must be observed.

Visit (comparable Sessions)

Visits are successive page impressions within a defined period of 30 minutes. A visit is considered to have ended if no element of a page is called up for 30 minutes.

CMP / TKP

The abbreviation CPM ("TKP" in German) means Cost per Mille and describes the costs per 1,000 impressions. The CPM of € 70 means that you pay € 700 for 10,000 ad impressions.
